J E T T E N D E R S

THE WORLD'S LEADING JET TENDER SPECIALISTS

Williams are the tenders of choice around the world because they work beautifully. Blending pure pleasure with practicality, getting from ship to shore has never been more stylish. Or more fun. Push the throttle forward and feel the surge of adrenaline, thanks to the safe, versatile jet propulsion system.

Simple to use and extremely agile, they'll put a smile on everyone's face. But they're also reliable workhorses that will get you from A to B with ease. And at the end of every unforgettable day, they'll easily slip back into a garage or onto a deck, because all our tenders are designed to work with the world's finest yachts.

THE TENDER OF CHOICE

Many of the world's leading yacht builders recognise the crucial role that a tender plays in their customers' boating experience.

So when they need to specify tenders for their boats, they come to us. Our designers get together with their designers, ensuring our tenders work seamlessly with their garage systems. Our shared passion for impeccable standards guarantees that yacht and tender are a perfect match for quality and performance. It's why Williams is the tender of choice for the world's most prestigious yacht builders.

WILLIAMS

PUNCHING ABOVE ITS WEIGHT

MINIJET

The Minijet delivers all the performance and quality of our other jet tender ranges, but in a smaller package. With its light weight and compact dimensions, it easily fits garages and platforms on a wide variety of smaller yachts. This opens up a whole new world of possibilities.

7

More yacht owners can now enjoy the thrill and manoeuvrability of a Williams jet tender, combined with our uncompromising reliability and stability. No other tender offers the same performance at this size.

POCKET ROCKET

Nothing compares to the thrill of getting behind the wheel of the Minijet. Punch the throttle and watch the world slip past in a blur. Thanks to the safe and reliable BRP Rotax Ace 900 engine, it will easily hit 36mph (58kph) – rare for tenders this size.

With its smart hull design, you can put the power down with sure-footed handling. For its compact size, there's still space for three people to enjoy the ride, or climb safely aboard for tender duties.

POWERFUL, HIGH-PERFORMANCE
BRP ROTAX ACE ENGINE.

ADVANCED HULL DESIGN IS STABLE FOR
LOADING AND BOARDING, YET IS EXTREMELY
MANOEUVRABLE AT HIGH SPEEDS.

COMPACT DESIGN MEANS IT
WILL FIT 38 FT+/12M+ MOTOR YACHTS.

WIDE RANGE OF ACCESSORIES AVAILABLE.

PERFECT AS A SKI/WAKEBOARD
BOAT FOR CHILDREN.

POWER LIMIT SWITCH FITTED AS STANDARD,
ENABLING NOVICES TO GAIN FAMILIARITY
AT LOWER SPEEDS.

MINIJET 280

Good things come in small packages and that's certainly true of the Minijet. You get all of our performance heritage in a light, nimble craft. From every angle, it's been thoughtfully designed to make the most of every inch of space. While other similar-sized tenders have had to compromise, we've ensured the Minijet delivers the same high-quality experience as its larger sisters.
