WELCOME TO THE WINTER WORKS REQUEST BOOKLET 2017/18

HOW THE PROCESS WORKS:

1

Your details

Please check that the pre-filled details are correct. Should any amendments need to be made, please make a note of this on page 18.

2

What can we do for you?

Please complete the forms below for each department or the works that you wish to have carried out during the coming winter months. Our professional service teams will ensure your boat is ready for the 2018 season.

3

We will do the rest!

Once you have completed the form and selected the services you would like us to complete, please return the booklet or PDF back to us by post, email or in person. Please email to katie@darthaven.co.uk.

What happens next...

Once your booklet or PDF has been received your selected services will be raised as works instructions and the Service Office will be in contact to confirm your requested works. For works that require an estimate, these will be processed and sent out in due course with acceptance forms.

How can we help...

Should you have any questions while completing this document please do not hesitate to contact the Service Office - 01803 752242 (option 3) or email service@darthaven.co.uk.

YOUR DETAILS

Name:

Boat Name:

Tel:

Mobile:

Email:

Would you like to be on our mailing list? (We will not disclose your email address to any other third parties).

Boat type: Sail Power Length (Please indicate metres or feet)

Please complete and return this information as soon as possible. Early receipt of your completed 'Works Request Booklet' allows us to plan work into our schedule, giving us more time to meet your needs.

All works are carried out by Darthaven Services staff who are trained and experienced in a large range of marine services. If you do not see the service you require listed in the forms below or your request is more bespoke, it is very likely that we can help.

Please make a note of this on page 18 - Notes & Your Requirements or contact the Service Office directly who will be happy to assist. If more information is needed, a member of the Darthaven team will contact you and an estimate will then be issued.

We look forward to welcoming you ashore or afloat this winter at Darthaven Marina.

HAULING

BRONZE	SILVER	GOLD
<p>This package starts by preparing your boat by washing the hull & superstructure and is finished by drying all surfaces. Next we use cutting compound to remove oxidation and then we machine polish to achieve a high gloss finish. High quality products are used throughout this process.</p>	<p>Further to the bronze treatment, the silver standard includes the application of 3M Marine ultra wax. The paste wax vastly reduces the risk of UV damage and gelcoat fade. This product also seals the surface for long lasting weather protection of up to 18 months. We then hand buff to leave a high shine finish.</p>	<p>In addition to the services included in our bronze and silver treatments, our gold treatment includes one coat of anti-fouling in a colour of your choice. Also included is a two part chemical teak or non slip surface clean and polishing of all stainless exterior fittings to remove water spots and minor scratches</p>

TERMS & CONDITIONS

- All prices shown are per metre excluding VAT unless otherwise stated
- Motor boat prices include all fly bridge areas, radar arches and superstructures.
- Treatment prices are based on a measurement taken from the furthest forward and stern point.
- The treatment end results are governed by the quality of gelcoat and the general condition of the exterior of the boat.
- Treatment prices exclude tenders and toys that are stored onboard.
- Treatment prices exclude seat covers, canvas covers etc. Separate additional treatments are available for these items upon request.
- Prices exclude any gelcoat repairs. These are available if required by separate estimate. Please call our service office to arrange for an estimate.
- Antifouling 1.5 coats includes applying a 2nd coat from the water line 40cm down.
- These prices do not include lift, wash or re-launch. Our antifouling package prices assume the hull is in suitable condition to correctly apply the antifouling. Any further preparation needed will be estimated before any works commence.
- Outdrive antifouling includes the preparation and spraying of both the drive and transom shield.
- Saildrive antifouling includes the preparation and painting of the saildrive leg.
- Prices valid from the 1st September 2017 until the 31st March 2018
