# Welcome

On behalf of all of us at Darthaven Marina, I extend a warm welcome to all our berth holders and visitors in 2018.

Darthaven is a family run

business that provides an excellent range of marine services for boat owners. We have built our expertise over 40 years and take great pride in serving our customers well. Our chandlery remains one of the best stocked in the South West. The Engineering department is one of only two Volvo Penta Centres in the South West with parts and fully trained technicians to match. As well as servicing many makes of inboard engines, we also service outboards and can supply, install and service the full range of Suzuki Marine outboards. Our electronics department will similarly supply, install and service a large range of the latest in navigation and marine technology whilst the shipwright department is renowned for its skilled and high quality repairs and yacht

refinishing. The boatyard boasts a new 40 tonne travel hoist which can operate at all states of the tide.

All our staff are highly trained with many years of experience in their respective fields. You can find much more detail about the services we offer in this Yearbook.

The River Dart is one of the most attractive ports of call anywhere on the South Coast and beyond. As well as great boating, the town of Dartmouth and the surrounding countryside (a designated Area of Outstanding Beauty) have a lot to offer the berth holder and visitor - whether it's our restaurants and shops or things to do and places to visit. The area is rich in history and the river itself makes it well worth a trip to Totnes to see the beautiful scenery and wildlife. You'll find much information in this guide about the area to make your stay with us more enjoyable.

Our team looks forward to helping you out with any extra services that you may need during your time with us.

kind regards

[John Holman, Managing Director](#)

# Marina Safety

*For your safety, Darthaven Marina expects . . .*

- The wearing of lifejackets/buoyancy aids by all children under 14 years old when on the pontoons or aboard boats in the marina.
- Walk, don't run along the pontoons – and do use the handrail on the access gangway.
- Cycles and scooters should only be ridden on the public road, and not on the pontoons, the quay or any other part of the marina premises.
- For the benefit of all berth holders, dogs must be on a lead when on the quay, the pontoons, the car park – indeed anywhere on the marina site. And do, please, ensure that no fouling occurs.
- Signs on the standpipes indicate that Darthaven Marina recommends that water be boiled before drinking when acquired through hoses.

- To avoid being a hazard to berth holders, trolleys should be returned to the area near the marina office after use. Do not overload them – and no children in them at any time, please.
- No part of a boat, including its anchor, should overhang the walkways or pontoons.
- No items should be left on the pontoons or walkways at any time. This includes commercial fish boxes and diving bottles.
- If you have a fire on board, from your cockpit determine a sensible course of action . . . call the fire service (999) . . . activate the fire alarm (by marina office) if practical. Maintain awareness if fire occurs anywhere in marina . . . take instructions from staff and/or emergency services.

Carelessness can lead to accidents . . . and accidents can spoil your day – or a whole lot more. So in our marina and whenever you're by the water . . . . .  
**be safe – be boat safe.**

# Berthing & Storage

## On The Pontoons

Darhaven Marina has 270 berths in total set over four main pontoons. We pride ourselves on keeping a clean and well-maintained environment throughout the year. Water and electricity outlets are available in every location and berth, along with well-lit walkways making for safe use during the evenings and at night. 16amp & 32amp electricity is available (32amp with selected berths only).

Berth holders are reminded to ensure their mooring lines are suitable for winter storms etc – if unable to get down to your boat or nervous about your boat's security over the winter, please give the berthing office a call and they will be happy to check on your behalf.

**It's a good idea for berth holders to leave boat keys with the Marina Office . . . just in case a problem arises in the boat owner's absence.**

## Berthing & Service Offices

At the top of the main bridge situated on the left is our Berthing Office – the Berthing Manager, Martin Pragnell and his assistant, Becky Everitt, are located in the office to assist all visiting boats and berth holders.

## Supply, installation and servicing of...

- Diesel heaters, air-conditioning, water makers and generators – Webasto, Dessalator, Paguro, Mermaid, Climma.
- Batteries, battery management systems, battery maintenance, charging systems, wind generators and solar panels – Mastervolt, Victron, Sterling, Merlin, Marlec.
- Bow & stern thrusters, anchor windlasses, electric winches, entertainment systems, satellite TV – Sidepower, Vetus, Lewmar, Glomex.
- Broadband radar, touch screen chart plotters, AIS, colour navigation instruments, multi function displays, NMEA 200, echo sounders, smartpilot, weather systems and engine data recorders.

We pride ourselves in keeping abreast of the rapid development in marine electronics.

- Multi function displays have improved significantly in recent years with many dedicated fishing and sailing features now accessible at much lower cost that previously were available only on professional systems. They are easy to install and have common interfaces across manufacturers.
- Marine electronics are all available across wifi - prices of new equipment have tumbled whilst their features and specifications have improved dramatically. No longer do we need to install large wiring systems to carry data and information but everything can communicate wirelessly and

can interface through a tablet or smartphone.

- The application of LEDs has had a major impact on boats from internal lighting, navigation lights, spot and underwater lights etc. Not only do LEDs last longer but they're far less greedy in terms of power consumption.

*Please ask us for advice and estimates on the appropriate installation for your boat.*

For more information on a new installation or to purchase a Garmin product, please visit our Electronics Department.

BRONZE	SILVER	GOLD
<p>This package starts by preparing your boat by washing the hull &amp; superstructure and is finished by drying all surfaces. Next we use cutting compound to remove oxidation and then we machine polish to achieve a high gloss finish. High quality products are used throughout this process.</p>	<p>Further to the bronze treatment, the silver standard includes the application of 3M Marine ultra wax. The paste wax vastly reduces the risk of UV damage and gelcoat fade. This product also seals the surface for long lasting weather protection of up to 18 months. We then hand buff to leave a high shine finish.</p>	<p>In addition to the services included in our bronze and silver treatments, our gold treatment includes one coat of anti-fouling in a colour of your choice. Also included is a two part chemical teak or non slip surface clean and polishing of all stainless exterior fittings to remove water spots and minor scratches</p>

## Another Pair of Hands

Charley Horton, based in Kingswear, is a professional sailor (Yachtmaster - Commercially Endorsed) with many years of experience. He can organise the delivery of your boat (motor or sail) in/around the UK, to the Continent and to the Mediterranean or simply between Brixham and Dartmouth or other local ports. He can help with assisted passages, whether it's long range, abroad or simply up the River Dart, day or night.

He particularly enjoys helping boatowners get the best from their boats, ensuring they maximise their enjoyment and value for money. He can offer hands-on boat handling tuition, pre season shakedown, in-depth boating skills etc whether it's at a novice or Practical Yachtmaster level.

Contact Charley via email - [charley@charleyhorton.co.uk](mailto:charley@charleyhorton.co.uk) or call 07775 991639.

## Baltic Yacht Brokers

We have over 20 years experience in the boating business and sell boats locally, nationally and

internationally. We pride ourselves on giving a 1st rate personal service, and over the years have built up good local business connections with strong overseas contacts, more specifically within the Mediterranean and Caribbean areas.

We still recognise the continuing need for the traditional style of brokering, since actively participating in selling your own boat doesn't always suit every boat owner.

But now running in parallel with the full brokerage service, we introduce our new flexi brokerage service, where we can offer our assistance to more owners at any stage of the selling process, in any geographic location.

We list all types of boats from Dory to Super Yachts; don't hesitate to contact us if you are thinking of selling, whether it's for a full or flexi brokerage.

We will advertise your boat on the major industry websites ensuring your boat is found easily. Call Steve Jackson on 01803 865321 or 07970 446189 to discuss your needs.

## National Trust

**Greenway** was the beloved holiday home of the famous and much-loved author Agatha Christie and her family. Set on the banks of the Dart opposite Dittisham, the house contains many of the family's collections, including archaeology, Tunbridgeware, silver, botanical china and books and was the setting for the dramatisation of her murder mystery 'Dead Man's Folly', starring David Suchet.

**Opening times**

Open daily from 10.30-17.00.  
Weekends only in winter.

**Access**

There are many different ways to reach the property – by car, ferry, vintage bus or steam train. If arriving by car, call 01803 842382 to book a parking space (compulsory). See website for full details: [www.nationaltrust.org.uk/greenway](http://www.nationaltrust.org.uk/greenway)

**Coleton Fishacre** boasts a luxuriant garden by the sea, with an Arts & Crafts-style house, featuring Art Deco-influenced interiors. It is located 3 miles from Dartmouth. Visitors are transported back to the Jazz Age at the holiday home of the D'Oyly Carte family. In the 30 acre garden, it is easy to imagine the parties of the past amongst the weaving pathways and sheltered glades. This warm, secluded spot is perfect for tender plants from the Mediterranean, South Africa and New Zealand. The elegant house is a place of 1920s' elegance. Music playing in the rooms echoes the family's Gilbert and Sullivan connections and visitors can play the Blüthner piano in the Saloon. Children will love the family activity packs and there are often musical events in the grounds.

**Opening times** - Open daily from 10.30-17.00. Weekends only in winter.

**Access** - Car park on site. See website for full details: [www.nationaltrust.org.uk/coleton-fishacre](http://www.nationaltrust.org.uk/coleton-fishacre)

**12.** Main route: After 250m, turn left, signed 'Permissive Path – Old Mill Creek'. Follow well-used track initially then follow waymarkers along field edges.

**13.** Where path meets green lane, turn left. After 200m, turn right down path which leads towards river. After crossing a stile cut diagonally down across next field, and through woods.

**14.** At bottom of steps bear left, and then left again where you join a further track.

**15.** At Old Mill Creek cross over bridge and follow road up out of valley.

**16.** At t-junction in Townstal, turn right along Archway Drive and then first left onto Townstal Crescent.

**17.** Cross main road at pedestrian crossing and turn left down hill. Turn first right along Church Rd and down hill.

**18.** Cross at next junction down Mount Boone. Fork right down Townstal Hill. At Vicarage Hill turn left down the narrow lane.
